

Axtel PRO MS XL Duo NC USB

Solid and Elegant UC Set for Everyday Communication

The PRO MS XL series was designed to achieve the best durability for long-term use. PRO MS XL headsets utilize Plug&Play technology, thanks to which the headset can be used immediately upon connecting it to the computer. This series is also equipped with a comfortable remote control that enables the soundless operation of the headset.

Furthermore, its wideband stereophonic sound ensures the perfect audibility of a conversation. The PRO MS XL with enlarged speakers eliminates noises coming from large rooms in the office and facilitates effortless communication with a client. Not only does the PRO MS XL possess excellent sound quality and comfort while working, but it also includes an elegant and innovative design, suitable for every work environment.
